

Minutes of the March 5, 2013 Grant Committee

The meeting was called to order at 3:10 p.m.

Present: Linda Kellogg, Darla Rippee, Tom York, Wanda Freeman, Doris French

It was brought to our attention that the meetings should be posted. Since this is a committee, Linda is calling MTA to see if they should be posted.

A motion was made by Tom and seconded by Linda to approve the minutes. Motion passed.

Tom is working on the hose washer and dryer and table. He asked if we want power nozzles on the washer. We can use the department power washer nozzles instead of buying new ones.

Doris will send a letter to leuter insurance about grant money for the bottles. We will wait till the April meeting to send out to local vendors if we haven't heard from the 3 organizations.

We have to ask the board if they want the hall at this site or by the park and if they want new plans to incorporate using the present hall as part of the new one.

Hall – Linda is still looking for library grants. Doris found the name and address for AM and Rotary clubs. Linda will call for new information booklet from Abonmarche . We all will be looking for scrap tire grants (MI dept. of environmental quality).

The next meeting will be April 23 at 7 p.m.

Motion to adjourn was made by Tom and seconded by Linda. Motion passed.

Respectfully submitted,

Doris French
Secretary
