

June 2nd Grant Committee Minutes

Meeting called to order at 7:02 p.m.

Motion to approve May minutes, 1st by Jamie 2nd Kali

Discussion

Kali is still working on TAP grant for Electronic sign, more research is needed,

M-Dot signage for the park from the silent auction is in the work, Clerk Dawson has the invoice to pay.

Mark is working with Ruthann Wright from Gerstacker to get an account set up for the grant committee to proceed with a grant for the fire truck.

Tire grant was not awarded to Lee Township this year, so there will be no tire drive this year.

New Business

Doug came up with an idea to look into grants for a Tornado siren for the township, as Lee Township does not have one, after recent events the Grant committee thinks this is a great way for our community to keep them safe. Ideas for placement are the Hall, Park, or the open parcel.

Grant committee is researching if there is grants available for Tornado siren or other Grant opportunities

Kayak launch is another idea, County parks and recreation said that we can put one in at Manitoo park. There is a lot more info needed as to who would take care of the launch. At this time the Grant Committee believes the Tornado sirens should come first and Kayak launch will be set aside for a later time.
